

DECLARATION OF CONFORMITY

EN

We hereby declare, based on the documentation provided by the manufacturer, that the following GCE products:

Rubber hoses for welding, type single for OXYGEN
Rubber hoses for welding, type single for ACETYLENE
Rubber hoses for welding, type single for PROPANE
Rubber hoses for welding, type single for INERT GAS
Rubber hoses for welding, type twin for OXYGEN / ACETYLENE
Rubber hoses for welding, type twin for OXYGEN / PROPANE

conform and are manufactured according to the requirements and specifications of the technical standard

ISO3821: 2008 Gas welding equipment - Rubber hoses for welding, cutting and allied processes

The date marked on hose, according to the above-mentioned standard, is the production date. The hoses do not expire.

We furthermore declare, based on information available to us from our suppliers, that the above-mentioned products do not contain any halogen compounds and, to our knowledge, our suppliers do not intentionally add halogen compounds in the manufacture of their products. In any case, the products are not analysed by us for the presence of the above substances nor we do require suppliers to do so.

This statement is based on

- Original Certifications and Test Reports provided by the manufacturers.
- Declaration issued by the manufacturers.
